

Waiting for an allotment?

At **Ouseburn Farm** (formerly Byker City Farm) we have a lot of growing space and we are looking for volunteers to help our horticultural workers make the most of that space by planting a variety of things that we can grow and sell. Volunteer places are available for old hands or those new to gardening and wanting to learn basic skills while waiting for an allotment.

For more information, please contact our volunteer coordinator, Lorraine, by calling 0191 232 3698 or emailing info@ouseburnfarm.org.uk.
