

NEWS FROM THE TRADING HUT

We have just placed our 2012 Seed Potato order and expect delivery in January, in time for chitting! The varieties we have ordered, based on feedback from some of you, comprise the following:

First Earlies

Arran Pilot
Duke of York
Rocket.

Second Earlies

Charlotte
Kestrel
Maris Piper.

Main Crop

Desirée
Pink Fir Apple (great with salads)

If you think we've missed out one that you are really desperate for, please let us know as soon as possible – it's not too late to 'up' our order.

Also coming into stock by the end of the month will be

Humax Original Compost. 60 ltrs. Fine consistency with silver sand – great for seeds.
Humax 'Normal' compost. 75 litres – a good all round compost.
Landscape fabric. 3.2 metres wide.
Fine grit – suitable as a final layer when planting seeds. **NEW.**

We are also taking orders for more scaffolding planks, which we will place at the end of October for immediate delivery. If you need any, they will be around the same price as last time - £3 for a 13' length. From recent experience, the majority of the planks delivered are this length.

Now in stock – well-rotted horse manure, suitable for immediate spreading. We still have a small stock of soil improver, as well as bags of top soil.

SEED CATALOGUES

David Vincent has kindly made available for distribution the established Kings Seeds Catalogues via the notice boards and through the Trading Hut. We have also received alternative catalogues from both Thompson & Morgan and D T Brown (Mr Fothergill's) for seeds, plants and shrubs etc., should anyone be interested. In both cases, we can expect discount if we reach a certain level of co-ordinated spend. The catalogues are in the Trading Hut for anyone to take away.

Full details on all the above items are available from the Trading Hut on Saturday and Sunday mornings 10 am to 12 noon.

Susan Pownall
Trading Hut Manager.

20th October 2011.
